Auto Insurance Overview

What is Auto Insurance?

Auto insurance helps you to protect you and your family against financial loss in the event of an accident or other cause of loss. It covers the injuries and damages caused by an accident and for which you are legally responsible. It may also cover the costs of repairing or replacing your vehicle if it is damaged or stolen.

What if I don't have car insurance?

In Ohio, you're required to carry a minimum amount of liability insurance (or post a bond) and also provide proof of insurance before you can license your vehicle or renew your driver's license. If you are caught driving without car insurance, you may have to pay a large fine, have your driver's license suspended, and/or have your car impounded. Contact Tony, at The Pfister Insurance Agency, to find out what specific requirements you need to fulfill in Ohio.

How much auto insurance coverage should I purchase?

The required minimum coverage may not be enough to pay for all the damages that result from an accident, and the legally responsible driver will have to pay the additional expenses out of pocket. You may want to speak with an agent to discuss the best auto insurance coverage for your needs and budget.

How can I keep my auto premiums down?

Generally, the longer you drive without major citations or accidents, the lower your premium will be. You may also qualify for discounts based on safety features on your vehicle. Many of the Pfister companies offer an Annual Policy which keeps your rates stable for the entire year. We calculate your insurance costs for the year, and you don't have to worry about changes for an entire 12 months. Also, if you insure additional cars or your home with one of the Pfister companies, you can save on all your premiums. For further information, contact Tony at The Pfister Insurance Agency.
